

HGChem: A specific ontology for Groundwater Hydrogeochemistry Knowledge Domain

HGChem: Una Ontología Específica Para el Dominio del Conocimiento de la Hidrogeoquímica del Agua Subterránea

Proposed by:
Ospina-Suárez, J.S. (2016)

Groundwater As A Study Object of A Scientific Discipline

Groundwater As A Chemical Substance

Functional Property of a Chemical Substance and Functional Properties of a Chemical System Components

Pollution as a Functional State Change of a Chemical System

HGChem: A specific ontology for Groundwater Hydrogeochemistry Knowledge Domain

HGChem: Una Ontología Específica Para el Dominio del Conocimiento de la Hidrogeoquímica del Agua Subterránea

Proposed by:
